If You Think You Can

Chorus:
If you think you can, if you think you can't
You're absolutely right
Thinking you can do it is more than half the fight
Believing in yourself is more than all the rest
So think you can, believe you can
And do your very best.

If Christopher Columbus had doubted his ability
He never would have asked the queen
And sailed across the sea

If Orville and his brother had doubted they could fly
We would still be on the ground
Watching birds go by.

<CHORUS>

If Edison had doubted he could make light from a spark
From dusk to dawn you and I would still be in the dark

If inside you doubt yourself
You will find you can't
But if inside you trust yourself
You will find you can!

<CHORUS>
