

MUD, MUD, MUD

*Mud, mud, mud what a glorious thing
is mud, mud, mud what a wonderful thing is mud.*

It sticks and stacks
It squeezes in cracks
Between your toes goes mud
It oozes and goozes, plops and drops
Thick or thin it's mud

*Mud, mud, mud what a glorious thing
is mud, mud, mud what a wonderful thing is mud.*

Up to your elbows
Up to your knees
It slips and slops around
Its easy to make a chocolate cake
Take water and add some ground.

*Mud, mud, mud what a glorious thing
is mud, mud, mud what a wonderful thing is mud.*

Mud they say has a way of changing clean to dirt
But after all, you tell them all
What does a little dirt hurt?

*Mud, mud, mud what a glorious thing
is mud, mud, mud what a wonderful thing is mud.*
