

Up and Down

Oh, I look up and see
A birdie flying high and free
I look down and then
The sidewalk is what I see

CHORUS:

*Oh, I look up and see the sky
I look down and see the ground
I look at you and sing this song
About up and down!*

Oh, I look up and see
An airplane flying, yes I do
I look down and see my foot
Then I see my shoe.....

-CHORUS-

Oh, I look up and see the ceiling
And there's one thing more
I look down and see the rug
and then I see the floor

-CHORUS-
