

# Down by the Creek

I like to go down by the creek  
I sit on a rock, and look in the deep

*Chorus:*

*Tadpoles and salamanders  
Crawfish and minnows  
Whirly gigs and water-boatmen  
Dance all around*

I like to look down in the creek  
A little frog hides in the deep

<<<**CHORUS**>>>

Water striders skate on the water  
Yellow leaves gently float down

<<<**CHORUS**>>>

I see the tracks of somebody's feet  
A shy raccoon has been to the creek

<<<**CHORUS**>>>
